**STATEMENT OF COMPLIANCE
CONCERNING THE FCC'S
CUSTOMER PROPRIETARY NETWORK INFORMATION (CPNI) RULES**

Magazine Telephone Company (hereinafter "The Company") has operating procedures to ensure that the Company remains in compliance with the FCC's CPNI Rules. The Company and its employees are trained and understand that disclosure of or permitting access to our customers' CPNI is not allowed without obtaining the requisite customer approval, except as required by law, or the exceptions set forth in 47 C.F.R. §64.2001 through §64.2009.

The Company developed and has maintained internal procedures to educate our employees about CPNI, the prohibitions on disclosure, and the exceptions to the prohibited disclosure of CPNI. Our employees are instructed on the legal definition of CPNI including that CPNI is information that relates to the quantity, technical configuration, type, destination, location and amount of use of the telecommunications services subscribed to by any customer of the Company that is made available to the Company by the customer solely by virtue of our relationship with our customers; and information contained in the bills pertaining to telephone exchange service or toll service of other carriers that the Company bills for received by our customers: except that such term does not include subscriber list information. All the Company employees that have access to this information are aware of the FCC's rules and are prohibited from disclosing or permitting access to CPNI without the appropriate customer consent or as allowed by law and the FCC rules. Any employee that discloses CPNI is subject to disciplinary action, and possible termination. The Company also ensures that our vendors that lawfully have access to our customer CPNI, such as a billing company or software provider, are aware of the CPNI rules and will not disclose CPNI information except as allowed by law.

Other than the permitted and legal use of CPNI such as by customer approval, as required by law, and the exceptions set forth in 47 U.S.C. §222, and Subpart U of Title 47 of the Code of Federal Regulations; 47 C.F.R. §64.2001 through §64.2009, CPNI is not used by the Company. The Company notifies customers of their right to restrict access to, use of, and disclosure of their CPNI. Periodic notices and one time notices are provided as appropriate. Such notices may be provided through multiple methods, such as bill inserts, notices published in the telephone directory, notices included on the Company's website and oral notice provided during a telephone contact. The Company maintains records of all notices and approvals for at least one year.

Customer notification and approval methods if CPNI is ever used by the Company through customer approval is as set forth below:

Opt-In Notice – This approval method is required for disclosure of CPNI to unrelated third-parties or to affiliated carriers that do not provide communications-related services. This requires the Company to obtain the customer's express, affirmative consent allowing the use and release of CPNI. This does not apply to subscriber listing information given to other carriers for telephone directories pursuant to FCC Rules.

Opt-Out Notice – This method is required for disclosure of CPNI to affiliated entities providing communications-related services, as well as third party agents and joint venture partners providing communications related services. Under this method, the customer is deemed to have consented to the use, disclosure or access to the customer's CPNI if the customer has failed to object thereto within a minimum of 30 days from receiving notice.

If our customers' CPNI is used for sales and marketing campaigns, the appropriate safeguards are taken as set forth in 47 C.F.R. §64.2009.
